# PACIFIC SUNRISE

## Dual-Purpose Hop

Citrus, Tropical Fruit, Jammy Goodness  
& Bittering Potential

Hop Revolution was the first grower to plant Pacific Sunrise on a commercial scale. We've been mastering this hop since 2015 and have established it as the new star of the Southern Hemisphere.

Lemon and orange citrus drive this hop-forward variety, with tropical hits of melon and mango riding shotgun. Stonefruit and jammy sweetness support the initial front-line aromatics, alongside pleasant floral notes that help round out the overall profile.

Pacific Sunrise shines in NEIPAs and modern IPAs looking for a fresh, sweet, and jammy fruit medley for hop-forward goodness.
