TURKEY'S PICK

A powerhouse blend created by New Zealand brewers from their favourite hops and lots with Riwaka, Moutere and Motueka

Turkey's Pick is not like other blends. Created with New Zealand craft brewers from their favourite hop varieties and harvest lots, this blend was developed with a clear intent. To take the best of the best, three phenomenal hop varieties, and combine them to make a superior blend. We've created this blend as an expertly balanced New Zealand hazy IPA profile with citrus, tropical fruit and a soft delicate dank profile. However, brewers have found it to be so much more versatile. So let the inspiration flow and mix it with your own recipe for a New Zealand flavor profile.
